English to Hindi Translation App - Mobile & Web Handbook

Using Progressive Web Apps & Voice Dictation Across Android, iOS & Desktop

---

1. Zero-Install Web App vs. Native Mobile Apps

- Access https://englishtohinditranslation.in on Chrome, Safari, or Edge with 0 MB storage.
- Add to Home Screen: Tap browser menu -> 'Add to Home Screen' for 1-tap app launch.
- Supports up to 5,000 characters per translation with zero login walls or popups.

2. Built-In Mobile App Features

- Voice Dictation (Speech-to-Text): Tap the microphone icon to speak English or Hindi.
- Dual-Speed Audio (Text-to-Speech): Hear native hi-IN pronunciation at 0.75x or 1.0x.
- Hinglish Phonetic Mode: Type 'namaste' on your mobile QWERTY keyboard -> Devanagari.
- Instant Sharing: Send translated Unicode Hindi directly to WhatsApp, Gmail, or Docs.

3. Essential Mobile Travel & Daily Commands

- Where is the nearest metro station? -> Sabse nazdeeki metro station kahaan hai?
- How much does this cost? -> Iski keemat kitni hai? / Yah kitne ka hai?
- Can you speak slowly please? -> Kya aap kripya dheere bol sakte hain?
- Call me when you reach home. -> Ghar pahunchte hi mujhe call karna.
