English to Hindi Translation Photo & OCR Workflow Guide

How to Translate Printed Signs, Scanned Pages, Receipts & Screenshots into Hindi

---

1. Step-by-Step Workflow for Translating Photos & Images

- Step 1: Use Google Lens, iOS Live Text, or gallery OCR to select text from your photo.
- Step 2: Copy the extracted English text to your clipboard.
- Step 3: Paste into https://englishtohinditranslation.in for neural Hindi translation.
- Step 4: Verify SVO-to-SOV grammar, Roman pronunciation, and word-by-word meanings.

2. Tips for High Accuracy When Scanning Documents

- Ensure even lighting and hold the camera parallel to printed books or signboards.
- Fix broken line wraps after OCR before translating multi-sentence paragraphs.
- For official certificates or government notices, use Formal Register (’Aap’ / Shuddh Hindi).

3. Common Signboard & Document Terms (English -> Roman Hindi)

- Entrance / Exit -> Pravesh (Dwaar) / Nikaas
- No Parking / Restricted Area -> Gaadi Khadi Karna Mana Hai / Pratibandhit Kshetra
- Application Form / Signature -> Aavedan Patra / Hastaakshar
- Terms and Conditions Apply -> Niyam evam Shartein Laagu
